Second Year Grading and Master's Degree

Students participating in the EuMIGS Double Degree Programme and spending the second year at Osnabrück University (UOS) will need to earn 60 credits through their studies at UOS (see course plan above). The final grade of the master's degree is calculated based on a grade for the first year of the EuMIGS programme, provided by the university where students finished their first year (home university, 50 per cent), and a grade obtained during the second year at UOS (host university, 50 per cent). The second year grade consists of three elements: two graded module theses (counting 16/60 each) and a master thesis (28/60).
